ABOUT ME

I'm a web developer and currently studying at ITB STIKOM BALI in the 5th semester. I'm talented at web design and web developing. I'm a hard worker, disciplined, responsible and good in team work.

EXPERIENCES

Paw Tour & Rent Car Bali
UI/UX Designer and Backend Developer
(June 2022 - Present)

My team and I made a car rental booking website. I work with a team where I play a role in ui/ux design and backend developer. As a ui/ux designer, I make designs and prototypes on the website before it will be sliced by the frontend developer. on the backend i created an admin panel using laravel.

RPM Surfshop
Web Developer
(September 2022 - November 2022)

I created a company profile website called freepigmovement.com . Where this website contains surfboard boards for sale and also surfboard accessories. and also some information from the company.
